Product fiche

Delegated Regulation (EU) 626/2011Supplier name or trademarkPRIME3Model identifierSAC41Indoor Model Identifier(s)SAC41Outdoor Model IdentifierThis model has been granted an 'EU Eco-label award' under Regulation (EC) No 66/2010.Inside sound power levels (Cooling mode)65 dBOutside sound power levels (Cooling mode)65 dBRefrigerant NameR290Refrigerant GWP3Refrigerant leakage contributes to climate change. Refrigerant with lower global warming potential (GWP) would contribute less to global warming than a refrigerant with higher GWP, if leaked to the atmosphere. This appliance contains a refrigerant fluid with a GWP equal to 3. This means that if 1 kg of this refrigerant fluid would be leaked to the atmosphere. This appliance contains a refrigerant global warming would be 3 times higher than 1 kg of CO 2, over a period of 100 years. Never try to interfere with the refrigerant circuit yourself sums be higher than 1 kg of CO 2, over a period of 100 years. Never try to interfere with the refrigerant circuit yourself and always ask a professional.Cooling Mode2,6Energy Efficiency Ratio (EER)2,6Energy Efficiency ClassAHourly electricity consumptionEnergy consumption 0,8 kWh per 60 minutes, based on standard test results. Actual a lenergy consumption will depend on how the appliance is used and where it is located.Cooling capacity2,0 kW
